

JONESVILLE

Jonesville, June 27.—Rain is a good fertilizer and decidedly the cheapest of any, but we are having too much rain just now for the crops from a human viewpoint. I travelled a few miles through the country Saturday and I saw some good crops and clean at that, while other crops were small, bad stands and grassy, which causes me to believe that much of the fault of the condition of the crops lies with the farmers. The preparation of the land, the planting of the crop and the cultivation of the same is like or is really a warfare and there should be preparedness, of which we hear so much these late days, especially in regard to militarism. Germany has been preparing for war for the last forty years and see how they succeeded.

As to the war with Mexico I look at it seriously. There was a time when I looked upon war lightly and as a sort of frolic and I went into the Confederate army with those kind of feelings but mind you, Mr. Editor, I came back with different feelings and opinions. I had the experience and it is worth more than all the boasting and predictions of the loud talkers.

I have been reading of the receptions given the soldiers over the country on their departure for the war and especially for the one given the Johnson Rifles at Union. The original Johnson Rifles had much the same experience when they left Union for Charleston on the 13th of April, 1861. The orders came from Col. Micah Jenkins from York by courier through the country to Captain Goss as there were no wires above Columbia. The courier came through the night of the 11th and we were to leave on the morning of the 13th, which gave us only one day to get ready. The news spread over the country and the people came to Union from every quarter and spent the night. The town was full of people and there was but little sleep that night. Next morning the company formed up street and marched to the depot and formed a line and the Rev. Colen Murchison, the Methodist minister of the town, offered a fervent, earnest prayer for the company and the train pulled in and we were all soon on board and off for Charleston. The parting was sad, but we were soon gay and lively again. Some of the boys never saw Union or their loved ones any more and so it will be with the boys who go to Mexico.

Dr. H. T. Hames has gone to Camp Styx as he belongs to the medical corps of the first regiment. Since Dr. Hames left Dr. Chambers is our only doctor in town, and he is having more work than he can well do.

Mrs. Dave Crim and two small children of Johnston, S. C. are visiting Mrs. Crim's parents, Mr. and Mrs. J. B. Foster.

Mr. Boyce Whitehead of the Bogansville neighborhood is visiting relatives in Jonesville.

The Jonesville Hardware Company has built an addition to their store for the undertaking department.

Mr. and Mrs. Charles Thomas of Norfolk are expected to arrive in Jonesville in a day or two to visit relatives and friends. They are traveling through the country in their car. The automobile is a good and rapid way of transportation, but it is getting to be quite an expensive luxury. Means of transit has made wonderful improvement since I was a boy. I can remember when there was not a buggy in all the neighborhood. My father was one of the first who owned a buggy in the country and it was built at Union by a Mr. Isaac Peake. It was an ugly vehicle and cost \$125. Telephone.

SHELTON

Shelton, June 25.—General rains and rapid growth of General Green is the order of the day.

Rev. E. D. Wells filled his regular appointment at Cool Branch Baptist church. A large crowd attended services.

Miss Floride Keller is attending the summer school at Rock Hill.

I noticed that the Johnson Rifles had been called on again for the good of their country. I was a member of that company when they were called on during the Spanish-American war under Capt. James Hunter. The Johnson Rifles were the first soldiers landed in Columbia. They left Union on No. 14 in a special coach. The train was in charge of Capt. John Lawson and Engineer Branch Long. Several of the Union boys came as far as Santuc. I remember very well our old friend, Dan Mullinax, as I look over the list. I don't think there was a single one of the old company.

Miss Exie Feaster spent the week-end with her aunt, Mrs. Robert Dickerson.

Mr. J. Ben Dickerson spent last Sunday with his brother, James Dickerson.

Mr. Broom and family from Columbia are visiting Mr. and Mrs. J. T. Free.

Mr. Dell, who lives at Shivar Springs had the news broke to him that his son Charles was drowned in Savannah river. The body has been recovered.

Mr. Charles Dickerson's little son, who had the misfortune to get his eye hurt, is slowly improving.

Mr. and Mrs. D. L. Stevenson are spending the week-end with Mr. and Mrs. James Dickerson.

Mr. Thomas Taylor, formerly of this place, has moved with his family back to his old home.

Mr. J. D. Boulware, who was hurt

FACE DISCOLORED

SUFFERED AGONY

Charleston Woman Would Become Unconscious for Half a Day.

TANLAC HELPED HER

After having been unable to work for four months on account of ill health, during which period she suffered from chills, fever, indigestion and that most repugnant and disconcerting of all complaints, belching, which would continue for an hour at a time—Mrs. L. Boylet, well known housewife of No. 2 Blake street, Charleston, has added her name to the thousands who have found relief in the use of Tanlac.

"I suffered from indigestion and chills and fever," states Mrs. Boylet. "My indigestion caused me terrible pains in my stomach and chest, and I would sometimes belch for an hour at a time. I suffered something terrible at times. It seemed that I could not digest anything that I ate."

"I suffered from extreme headaches and was extremely nervous, jumping at the slightest noise. After eating I would have a pretty full feeling in my stomach and I became very weak. These chills and fever would come on me very suddenly. I would be sitting, talking to my friends possibly, and severe pains would start running up my limbs. In a few minutes they would spread to my back and upper body. Then those terrible pains would continue for hours. Chills would set in and I would go to bed. In a short while I would become unconscious, remaining so for nearly half a day. I had those spells about twice a year and have had them for about four years. Sometimes my feet and ankles would swell to double normal size and sometimes a large blister would form on my knees. This would first turn red and burn just exactly like a red hot iron being pressed to me. In a day or two it would turn into a real blister. When this blister was opened and the water let out it would turn into a very bad sore. I tell you, I suffered terribly. I have not been able to work for four months because of my poor health. Sometimes I would turn black in the face, and have been pronounced dead while in the grip of these spells. These two conditions were gradually killing me. I do not believe that I would have lived very long if I had not got relief when I did."

"I read of some of the wonderful things that Tanlac was doing, and one of these statements was that of a friend whom I have known for more than fifteen years."

"The relief that I received from Tanlac has been wonderful. It has relieved me of my indigestion entirely. My appetite is just too good. I can eat, and crave nearly everything."

"Those headaches I had (they nearly drove me out of my mind at times) have been entirely relieved. I have not had a headache since I started taking Tanlac, and my nervousness is gone. I have not had one of those spells, although I have passed the period when they usually come upon me. I do not believe that I will ever have them again. They have come on me regularly at about the middle of May, and they did not come on me this year because I took Tanlac, I know."

"Tanlac is certainly a wonderful medicine, and may God bless it and you. I most surely do recommend it. It has performed a miracle in my case."

Tanlac, the master medicine, is sold by Palmetto Drug Co., Union; Jonesville Drug Co., Jonesville; Lockhart Mills Store, Lockhart; Buffalo Drug Co., Buffalo; R. J. Fowler, Monarch; B. G. Wilburn & Son, Cross Keys, S. C.—Advertisement.

by the negro, is improving.

Mrs. Frank Dickerson, who has been quite sick is up and about her duties again.

Mr. and Mrs. W. T. Boulware spent the afternoon with Mr. and Mrs. I. N. Dickerson.

The young people of this community met at Mr. and Mrs. F. D. Boulware's to practice singing. The meeting was quite a success and proved quite beneficial. They have a good choir and if you want to hear good singing get them all together.

75 years ago everyone wore homespun—

and, likewise, everyone used hand-mixed paint. To-day, when machine-spun cloth is so much better and cheaper, no one would think of wearing homespun. Many people are still using hand-mixed paint, however, because they do not know that

DEVVOE
THE GUARANTEED
LEAD AND ZINC PAINT
FEWER GALLONS - WEARS LONGER

will save them money and labor. Devvoe Lead and Zinc Paint is simply made of the same ingredients the old-time painter used: Pure White Lead, Pure White Zinc, and Pure Linseed Oil. The only difference is that Devvoe is mixed by machinery, 500 gallons at a time. Therefore, it is always absolutely uniform in strength, color and covering capacity.

We guarantee Devvoe Lead and Zinc Paint to be pure. We know it contains no whitening, silica or other worthless materials. Stop in and ask for Color Card.
